

MOTOPIA

ORDER TEMPLATE

1 System Length (without finials) = track length (X) + motor housing (4 3/4") + return pulley (4 3/4") or inside mount (2")

note: Finial(s) will add to the overall system length. The crucial measurement for us to determine is the track length.

eg. SYSTEM LENGTH (without finials) 170.00"

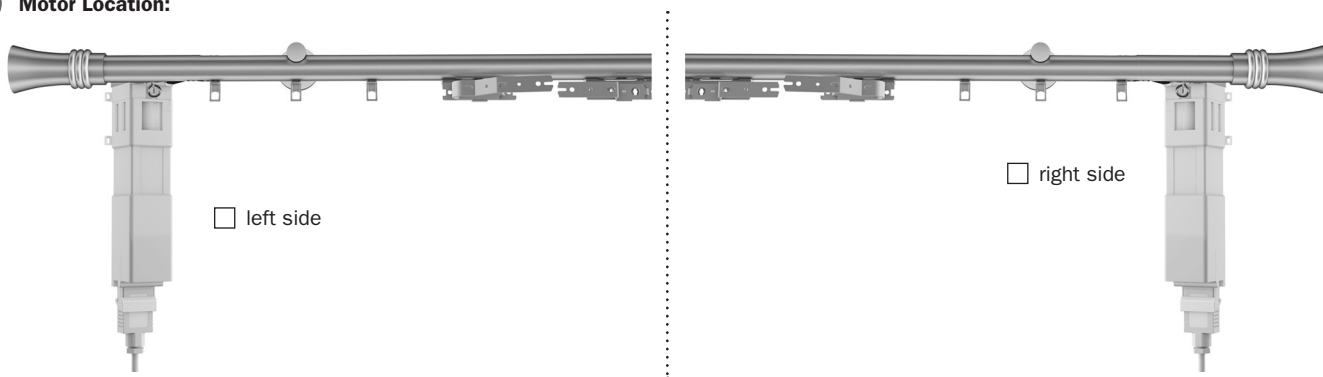

system length (without finials)	170.00"
motor housing	- 4.75"
return pulley	- 4.75"
track length	160.50"

OR

eg. SYSTEM LENGTH (without finials) 170.00"

system length (without finials)	170.00"
motor housing	- 4.75"
inside mount	- 2.00"
track length	162.50"

2 Motor Location:

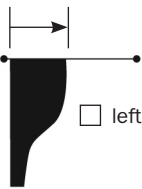

3 Curtain Stack:

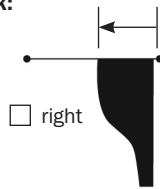

split

Stack Back:

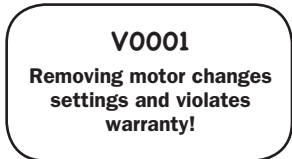

inches: _____

inches: _____

4 Inside Mount: left right

5 Serial Number:

Sample Sticker:
A serial number sticker similar to the one at left will be placed on every motor that leaves our warehouse. If the sticker is removed or damaged in any way that will convey that the motor has been tampered with and therefore void the warranty!
